

EDI (Equality, Diversity and Inclusion) Vision Statement

In The Spring Partnership Trust we take seriously our responsibility to create an environment where people respect and value inclusion and diversity. We embrace talents, beliefs, backgrounds and abilities of all. This responsibility will be reflected in our policies, but most importantly, in the way we treat each other.

We strive to ensure that:

- all members of the school community, regardless of their background, is proud of who they are and aspires to achieve great things;
- expressions of stereotypes and biases are positively challenged;
- every member of staff is supported to develop themselves and feel a true sense of belonging within the organisation and that regardless of their role, they feel included and their voice listened to;
- every parent and carer feels that their contribution is valued and welcomed in our schools;

We will do this by:

- ensuring that all children have equal access to the curriculum and are able to achieve the best possible outcomes;
- ensuring that all staff are fairly treated and given opportunities to grow and develop professionally;
- celebrating cultural diversity and representing all groups by promoting equality and inclusion through a quality learning experience for each child;
- protecting the well-being of all pupils and staff by challenging any non-inclusive behaviour held by anyone within the school community.
