

SPRING WILDLIFE

Here comes spring! Spring brings fabulous nature and amazing wildlife for you to see. Here are the things we recommend for you to look out for at this lovely time of year.

When it comes to animals, you'll want to keep an eye out for baby chicks, fox cubs, lambs and maybe even a few rabbits. You could also see some squirrels and horses nearby.

For plants, a few flowers you might like to see include eastern sowbreads, hellebores, daffodils, crocuses and hyacinths. These are all beautiful to see.

And last but not least, trees! Spectacular trees we recommend you look out for include the Chinese Magnolia, cherry blossom and apple blossom.

RECENT EVENTS

Resilience Day

On Resilience Day, we took part in two different activities which we could choose from. Examples included baking, sketching, calligraphy, orienteering and book making. We did this to challenge ourselves and build up our resilience which is one of

our school values. It was a really fun day even though some of it was challenging!

World Book Day

On 7th March, we all dressed up as our favourite book character to celebrate World Book Day. The whole school took part in different, fun activities to celebrate reading and we were all given a book token to use at any book store.

AIR POLLUTION

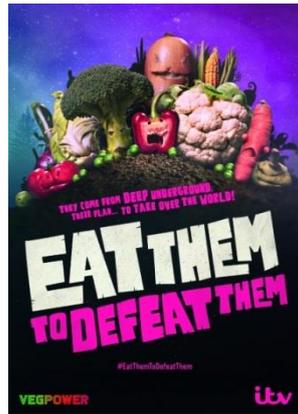

Air pollution is a mix of particles and gases that can become harmful. Carbon dioxide is a greenhouse gas and is the leading pollutant. Main sources include car exhausts, coal burning and natural gas/ breathing out. To tackle air pollution, we suggest doing the following.

1. Ask your parents if you can walk or cycle to minimise car journeys
2. Reduce energy use at home.
3. Avoid using a fire to heat your house.
4. When it is not too cold, use less heating at home and wear warm clothing instead.

EAT THEM TO DEFEAT THEM!

Eat them to defeat them is a campaign from ITV and Veg Power to encourage youths to eat more veg. Statistics show that 80% of kids and 96% of teenagers don't eat enough vegetables so we want to encourage you to eat more. This fun campaign aims to do just that by turning it into a game.

Veg Power has created this background story to make eating vegetables fun.

They come from deep underground. They plan to take over the world. For years the grownups have been keeping the veg invasion at bay but they can't do it alone. Kids – they need your help. Eat them to defeat them!

This works by getting children to 'defeat' vegetables in different ways. For example the true master in defeating peas only uses chop sticks! The best way to defeat the butternut squash is to peel their skin, scoop out their insides, cut them into pieces and roast them until they are soft, squishy and super sweet. To defeat the cauliflower, drown them in cheese sauce, bake them and devour while still hot.

We personally think that 'Eat them to defeat them' is a great idea to encourage kids to eat their vegetables. What do you think?

SUMMER RAISES MONEY FOR CHARITY

Summer Clark (4W) has recently cut off her hair to donate it to charity. Summer spent three years growing her hair so that she could donate 12 inches to "The Little Princess Trust". Although she loved her long hair, which grew the full length of her back, she decided to donate it to charity to help poorly children.

We are all extremely proud of Summer for being so caring and for helping others in need. Please show your support in this amazing gesture by donating what you can spare towards a brilliant charity.

https://www.justgiving.com/SummerClark?utm_source=Sharethis&utm_medium=fundraisingpage&utm_content=SummerClark&utm_campaign=pfp-email&utm_term=5v3vQrE5D.

Thank you for your support.

BRECK FOUNDATION

Just before half term, KS2 were given a workshop by the Breck Foundation charity to teach us how to stay safe online.

To begin with, they talked us through Breck's story. Breck was really into gaming and loved to join one particular server with his friends because it was faster than any other. The server was made by a guy named Lewis. Breck got to know Lewis through a course of about a year and really felt like he was his best friend (even though he had never met him). What Breck didn't know was that Lewis was telling him lies and wasn't exactly who he said he was. Eventually, Lewis told Breck that he was really ill (which he wasn't) and said that he wanted to pass

his amazing computing job over to him. Breck was thrilled that he could have the job of his dreams so arranged to go to Lewis's house to sign the paperwork. Sadly, when Breck went over, Lewis attacked him. Don't worry though – Lewis has been caught and will spend his life in prison.

Tips for staying safe online:

- Never give out personal information such as your home address, telephone number of school name.
- Do not meet up with strangers.
- Create complex passwords so people cannot hack into your account.
- Be careful what you post – make sure it is not personal.
- Don't trust people you speak to online if you have not met them (they might not be who they say they are).
- Be open with your family and friends about who you are speaking to.

POKEMON LET'S GO REVIEW

Pokémon Let's Go is the first Nintendo switch Pokémon game and it is practically the remake of Pokémon Red and Blue.

In Pokémon Let's Go, there are two games (Pikachu and Eevee). Each game has lots of differences such as your starter, the Pokémon you can find in the wild and the plushie you find in your bedroom at the beginning.

The battling is the same as the past games on the 2DS and 3DS except you can call in a support trainer to assist you in Pokémon Let's Go. The difference in catching Pokémon is that you don't have to battle them unless it is a specific Pokémon and instead of the character throwing the Pokéball (the tool used to capture Pokémon), you throw it with your controller. The Pokémon Go complex in Fuchsia city is where you can get Pokémon and put them into the game.

I recommend this game to any person who has just started playing the Pokémon

games because it is very simple and easy to access.

THE FA CUP

The FA cup is an English football competition that takes place every year. It is organised and named after The Football Association (The FA). This year, it started on 11th August 2018 and will finish with the final on 18th May 2019. Chelsea won the competition last year but this year, they were beaten by Manchester United in the fifth round.

HAYES HERALD

Issue Number: 3
February and March 2019

Recent results (the quarter finals)

Watford beat Crystal Palace 2-1

Wolves beat Manchester United 2-1

Manchester City beat Swansea City 2-1

Brighton beat Millwall in penalties 5-4

Next to compete will be Manchester City and Brighton, and Wolves and Watford. Who will take home the winning trophy on 18th May 2019?
