

Dear Parents/Carers,

The closure of schools has put immense pressure on us as parents to try to keep our little ones entertained at home especially with the uncertainty of how long we will be off school!

We would love to help ease the days/weeks ahead by providing your children with the weekly club that they all love and have enrolled in!

So we will bring Lego club to your children until schools reopen (Lego2u)  
Each week your child will look forward to a Lego club session starting with a video from one of our Lego leaders describing the weekly theme!

This will be followed with each child receiving a special Lego club package delivered to their door with everything they would receive during their Lego club session (and a tiny bit more 😊)

Packs include - Lego to make the weekly creation, Lego cards, Lego stickers, A Lego picture to colour and a surprise!!

Then it's building time! Remember no child has to follow the theme just as long as they are having fun!

Once your child's happy with their creation- we ask parents to take a photo or video and WhatsApp it over with a short explanation so we can add it to the group chat for a virtual show and tell!

This way the children get to share and see their fabulous creations with their Lego friends.

We will then pop back to collect our Lego to get it ready for the next school.

Each school will have a designated morning or afternoon slot lasting 1.5 hrs.

We understand this is not the same as actually coming to Lego club but under the extreme circumstances we hope it will bring a little structure and fun into the long days ahead. We know how much all of the children love coming to Lego club and hope by providing Lego2u they all can continue to enjoy Lego together and continue building.

We appreciate all the lovely messages sent and continued support given from all our parents some of you whose children have been coming to club for years and hope this will go some way to helping pass the time until we can go back to normality.

Please be assured that all Lego is fully steam washed and disinfected between clubs.

If yours is one of our children who has mountains of their own Lego and are happy to receive a package with everything in it but Lego then that would be very helpful 😊

Please get in touch ASAP if you would like your child to participate as it's going to take a lot of work our end to make sure it runs smoothly over the different schools so the sooner we have numbers the better!

Priority will be given to our existing Lego club members and no extra payment will be asked - club fees will cover the package however if you have siblings who want to take part please get in touch.

Any other children who wish to join - fees will be the same as you pay for the school club @ just £4.50 a week

Lego2u will start after the Easter break in line with the school sessions

I will be in touch to let you know which day and time is your schools slot!

Please get in touch via 07930 395 309 if your interested

Stay well everyone and thank you all once again for your support 🙌
