

A BIG HELLO

FROM MISS NEWMAN

Good morning 5N!

In the spirit of 'trying new things' in this period of time at home, I've decided to practise cooking different recipes. I'll be honest with you, not all of them have been very successful but it's been fun learning to do something new. Take a look at my mushroom and courgette risotto (although it doesn't look great, it tasted pretty good!) Have you tried to learn a new skill or do something that you don't normally do so far?

I also wanted to thank those of you who have been in touch via the year 5 email address! We seem to have a lot of reading going on as well as practising times tables (wow!), hanging out with pets and I hear that some of you have been keeping in touch online which is brilliant! Please remember to stay safe while enjoying yourself online, it's great to chat to your friends but make sure that you always know the person that you are talking to and that your adult at home is aware of what you are doing online.

As an extra bit of fun, I've decided to give you a weekly brain teaser... please email me your answers via the year 5 account year5shared@hayes-pri.bromley.sch.uk and I'll reveal the answer in next week's letter!

Weekly brain teaser:

Billy's mother had five children. The first was named Lala, the second was named Lele, the third was named Lili, the fourth was named Lolo. What was the fifth child named?

Happy guessing! Stay safe and keep smiling 😊
