

HELLO FROM YEAR 2

Hello year 2,

Thank you so much for all your replies to our quiz last week. We received a lot of quizzes to complete ourselves. Mrs Savvides has learnt that a megalodon is the largest shark in history. Miss Condren has learnt that birds use the Earth's magnetic field to find their way when they migrate. Mrs Inch has learnt how auroras are formed, when particles of solar winds meet the Earth's magnetic field.

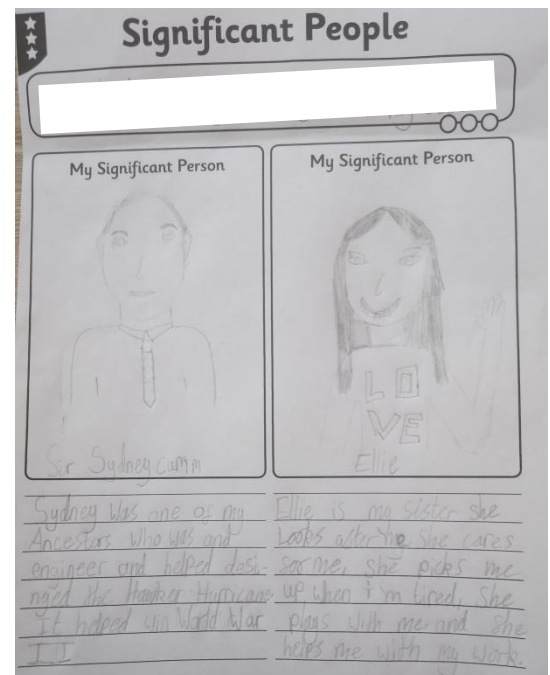

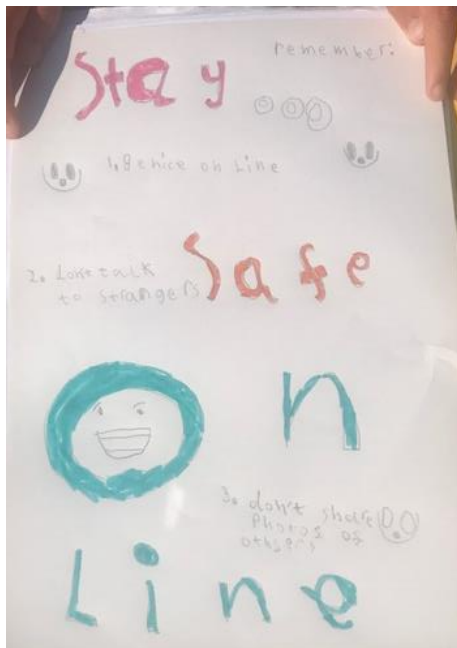

An aurora

For your challenge this week, you can pick one yourself! Have a look at the Little Inventors website at <https://www.littleinventors.org/events/little-inventors-daily-challenges/info>

They have set a variety of challenges, choose one and send us your outcome 😊

Wonderful Work Wall

WHAT WE HAVE BEEN UP TO

Have a look at what your teachers have been up to over the last few weeks!

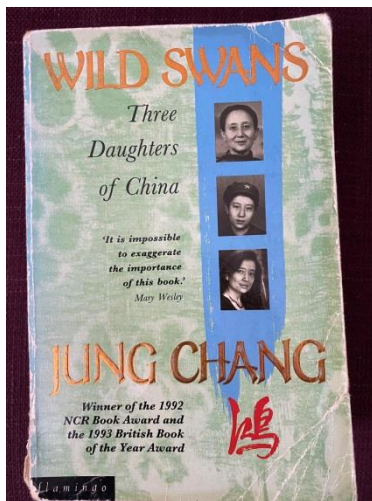

Miss Condren's marrows have grown a lot!

Mrs Donnelly has made a bag

Mrs Dunmore has taught Ernie how to shake his paws

Mrs Browne has enjoyed reading a much loved book

Mrs Hayes has baked banana bread

Miss Morilla has completed a painting by numbers painting

Mrs Inch has decorated her drive with a beautiful rainbow

Over Easter Mrs Savvides learnt how to crochet
