

Class Charts Parent App - Guide

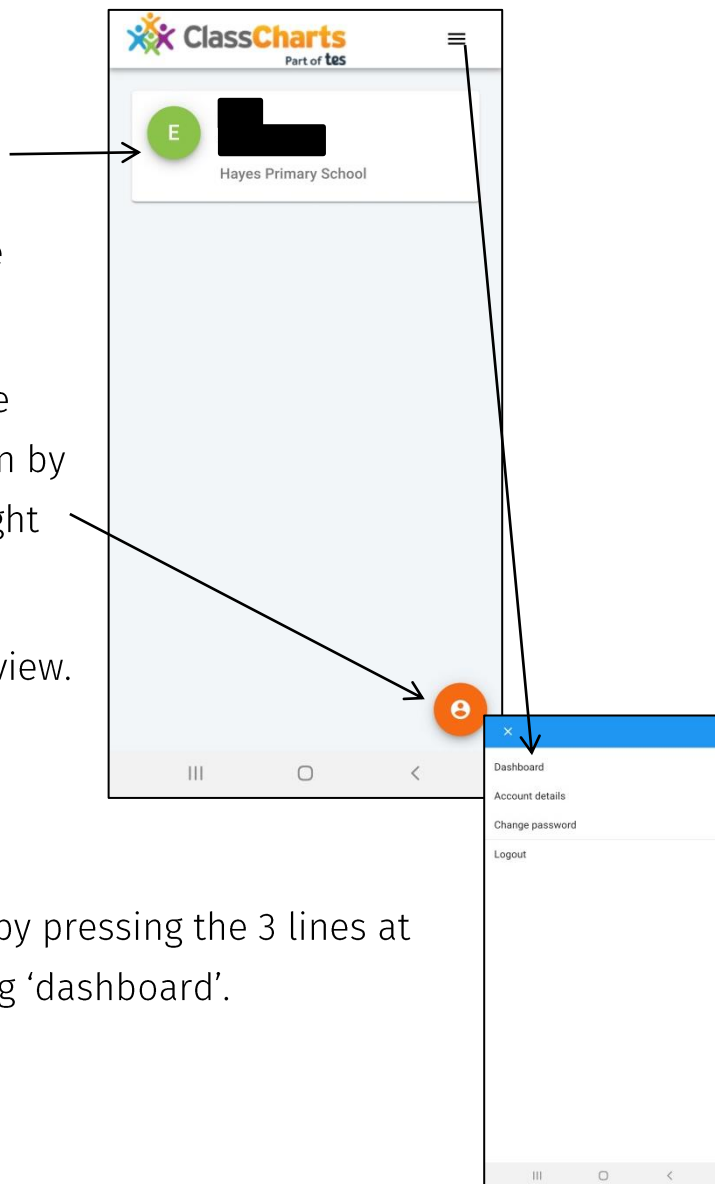

Once you have created your account, you can log into the Class Charts Parent App. You can register your children and set up your account directly through the app.

When you log in, you will see your children listed on the first page.

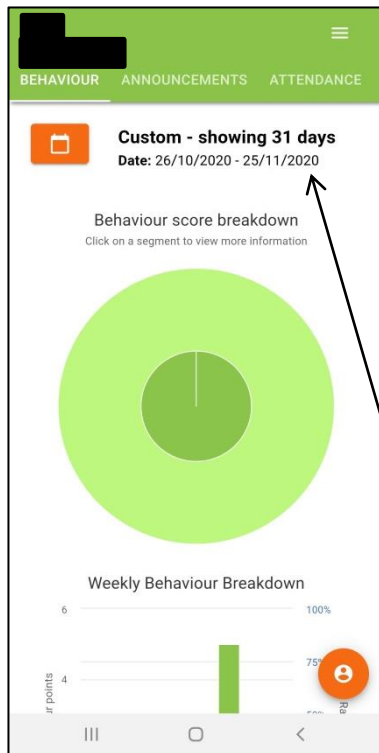

If you have registered more than one child, you will see their names here.

If you need to register more than one child, you can add additional children by pressing the button in the bottom right hand corner.

Press on the child you would like to view.

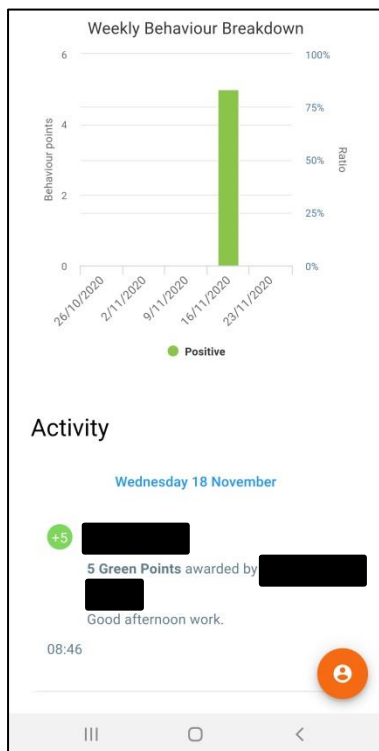

You can return to this page anytime by pressing the 3 lines at the top of the page and then pressing 'dashboard'.

After you press on the child you would like to view you will be taken to their unique page.

You will see 3 tabs at the top of the screen – behaviour, announcements and attendance.

On the behaviour tab, you will be able to see the number of green points they have been awarded. You are able to adjust the date range that you are viewing by pressing on the date information at the top of the page.

If you scroll down the page, you will see a more detailed activity feed about the green points that have been awarded.

On the announcement tab, you will be able to see any announcements that your child's class teacher has created to share a piece of work with you. This will remain on this tab for one week after it was posted.

Towards the bottom of the page, you will be able to click on the attachment to view the picture of their work.

On the attendance tab, you will be able to see up to date attendance information for your child.

You are able to adjust the date range that you are viewing by pressing on the date information at the top of the page.
