

JTA Facts about e-Scooters

Did you know...?

... The term 'e-Scooter' is short for 'electric scooter'.

... it is **against the law** to ride an e-Scooter on Bromley's roads, pavements or in parks.

The Police can give riders a £300 fine and take away the e-Scooter!

... some e-Scooters can go faster than push scooters or many bicycles.

They can go as fast as a car on the motorway (more than 60 miles per hour).

... it can be very dangerous to ride an e-Scooter.

They are hard to stop quickly and many people who fall off hurt their heads very badly.
