

Happy Language Learning

Spanish is one of the most widely spoken language in the world and by speaking the tongue, your children will be able to more closely work with people in Europe, as well as those in the US and South America.

### **Spanish Club for Year 2, Year 3, Year 4, Year 5 at Hayes RC Primary School.**

I teach in a fun and interactive way, that encourages children to enjoy learning a second language. I have been teaching at the school for the last five years.

I have a couple of spaces available for each year.

If your child is interested in joining the Spanish Club, **a free taster** will take place on:

**Tuesday 11/01/2022 for Year 4 & Year 2**

**Thursday 13/01/2022 for Year 5 & Year 3**

**I do only have a couple of spaces, so it will be on a 'first come, first served' basis.**

Please register your interest by contacting myself **Rocio Blanco** with your child's name and class year and letter on [myspanishowl@hotmail.com](mailto:myspanishowl@hotmail.com) or **077 6665 5599**

Further information is also available via the following websites:

#### **Benefits to children:**

**Immediate benefit** - The children have fun but what they are learning is sound and educational. They will develop their listening skills and social skills. Learning another language can help with Maths and English and young children learn how language works.

**Long term benefit** - There is evidence that where a good quality programme with a clear structure can be offered right from the beginning, early foreign language learning is very worthwhile. They have not just had a head start in Spanish, but have acquired language learning skills and an awareness of the difference between their country and Spain. This will be very useful at a crucial stage of preparing for Secondary school.

Children who have followed the La Jolie Ronde programme become confident in speaking Spanish and have been exposed to language learning techniques which can help them for future learning.
